### WHY CHOOSE C4C?

An organized, focused, and well managed installation is the key to a great project experience.

**At C4C, exceptional project management is the core of our business.**

- C4C serves as a committed, personalized project manager in every aspect of your project.
- Notable customer references speak to our abilities as a reliable, capable installation partner.
- Punctual and competitively priced, C4C provides all you would expect (and more!) from an experienced partner.

### COMPANY OVERVIEW

Since 2015, C4C has been providing businesses, DOT, and municipalities with custom cabling & wireless communications solutions to commercial, federal, & municipal organizations across the U.S. As a 100% woman owned supplier and installer, C4C set out to supply the industry with superior products & installation services; while providing stellar customer service.

### CORE COMPETENCIES

#### INSTALLATION & PROJECT MANAGEMENT

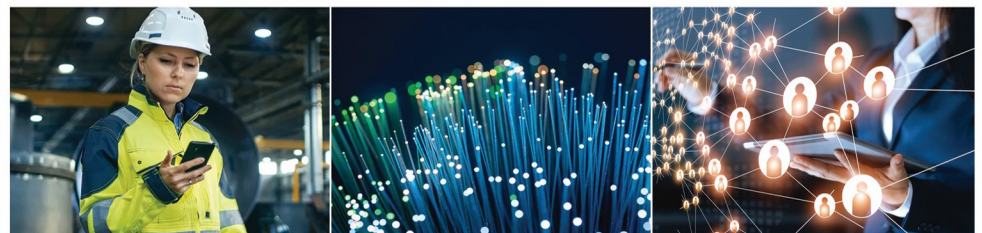

Low voltage, outside plant, Wi-Fi, small cell/DAS, public safety, security, building access, intercom, A/V, digital signage, sound systems, sound masking, video walls. Superior customer service and detailed project management.

#### CUSTOM CABLE SOLUTIONS

C4C supplies custom length, color, termination, & labeling patch cords, assemblies, and harnesses for project/customer specific applications including datacenter, DOT, industrial and DOD. Quick delivery and competitively priced.

#### DAS/PUBLIC SAFETY

C4C, along with partner Safe-Fi Technologies, have a combined 30 years of wireless experience with long-standing industry and carrier relationships. Let us simplify the DAS process and save you \$\$.
